Findings:

An annual compliance check was completed on 6/20/25 and the following was out of compliance:

441 IAC 110.8(3)"a" All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child

Emiley did have a spray bottle with bleach water and another cleaner accessible to children. She did move those while this worker was present.

441 IAC 110.9(1)"a" A physician's examination report for the provider and all members of the provider's household aged 18 years or older . Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report.

Emiley's physical had expired. This worker did provide her a new form.

441 IAC 110.9(4) Children's Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes.

Emiley had all appropriate documentation for each child's file, but she needs to ensure that it is updated annually.

Emiley is a category A provider and does use the lower level of her home for childcare. We did discuss that if she chose to change to a category B or C, she would be required to have a second exit. She does have an egress window but would need permanency steps leading up to it. She did express that she was aware of that expectation and planned to remain as a Category A provider.

Suggestions/Recommendations:

I encourage you to work with Black Hawk County Child Care Resource and referral at 319-233-0804 if you have any ongoing compliance or training needs.

Thank you for your service in providing childcare in your community.

Corrective Action Required:

A re-check is not needed at this time. Corrections need to be made by 7/11/25. You do not need to send pictorial verification of any of the below items. Those areas will be reviewed at the next annual compliance check.

Emiley needs to ensure that all medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child at all times.

Emiley needs to obtain an updated physical and it needs to be documented on the HHS approved form.

Emiley needs to ensure that the required documentation for each child's file is updated annually (signature and date from the family that is has been reviewed and is accurate)

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-429-0749 or christy.weber@hhs.iowa.gov if you have any questions regarding this letter.
