KCE Champions does have the ability to extend hours on scheduled early release days, emergency late-start days, and emergency early-out days. During the summer, full days of emergency closing (example snow day), and some breaks (holiday and spring), this site has the ability to operate full days and/or combine for full days of care at another KCE Champions LLC location. Current enrollment is 80.

Multi-site regional manager Setara Sous has a BA in criminology, has 6 years experience working within this childcare corporation, participates in child development related training and been director qualified since January 2024. On 1/3/2025, program space was observed.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

KCE Champions LLC @ Viola Gibson Elementary is located inside an elementary school in a predominantly urban neighborhood. The profit program provides a variety of early learning and childcare opportunities as well as accepts many different of funding sources to help meet the needs of children and families throughout the community.

KCE Champions LLC @ Viola Gibson Elementary has established the following website for families and the community to learn more about the program: https://www.discoverchampions.com/our-locations/cedar-rapids/ia/002172.

According to the family and employee handbook, the philosophy of KCE Champions LCC is that "...learning is meant to be a natural, joyful experience. Our goal is to help your child develop socially, emotionally, physically, and intellectually. Children thrive when the process of discovery is lovingly encouraged and gently reinforced..." KCE Champions LCC is a division of KinderCare Education. The history of how KCE Champions LLC came to fruition and evolved to present day (including 1969 KinderCare Learning Centers founded, 1998 corporate headquarters moved from Montgomery Alabama to present-day Portland Oregon, 2003 KCE Champions LLC joins KinderCare Education, 2013 KinderCare launches its Early Foundations proprietary curriculum) is impressive. KinderCare Education serves more than 186,000 children in 40 states, and Champions specifically serves more than 40,000 of those children in 21 states and Washington, D.C. Champions partners with principals, teachers, and parents to create more than 600 before- and after-school and year-round learning environments.

In 2021, KinderCare Education earned a fifth Gallup Exceptional Workplace Award - one of only four companies worldwide to receive this award five years in a row. Champions has made a continuous commitment to earn and re-earn Corporate Accreditation from Cognia a global leader in advancing excellence in education through accreditation.

Management (e.g. regional manager Setara Sous, multi-site director Mr. Pressler, OSS Ms. Velazco) is consistent. Management has systems of organization in place to help ensure administrative items are completed and maintained as required. Management is knowledgeable of licensing guidelines as well as their own policies and procedures. Management has reported holding regular staff meetings to review rules, policies and procedures. Ms. Velazco acknowledged having a great team of staff who are highly engaged with the children, who encourage many child interests to promote a happy school-age environment and who are also capable of providing the structure and routines needed to help children thrive.

KCE Champions LLC has established and is working to maintain optimal communication between the program/staff and families. The program has a parent-staff/program information center, utilizes technological communication resources, and supports family programming activities. Prior to each school-year commencing, KCE Champions LLC sponsors a "Champions Family Night" at a local park with food and various activities including face painting to welcome new and returning families to the upcoming school-year. Summer camp enrollment begins in early January each year.

KCE Champions LCC school-age curriculum focuses on six content areas that research shows enhance school-age children's growth and development as well as help build the essential skills needed to be successful in elementary school and beyond: Character Development, Community, Creative Expression, Executive Function, Inquiry-Based Learning, and Literacy. The program provides child interest areas in creative arts, literacy, math and construction, puzzles and games, and science. Daily fitness, healthy eating, and homework assistance (as needed) are part of the program's operations. There are additional opportunities offered for enrichment clubs and Junior Counselor leadership roles for older school-age students. Summer/extended breaks curriculum is also enhanced with guest speaker events and off-site field trips. Evidence of recent projects was observed throughout the program space (e.g. child hand-drawn staff portraits, water color hearts). Ms. Velazo acknowledged a wall-mounted board displaying child work as well as cards of gratitude from families. During the 2024 winter school-break, Ms. Velazco discussed how this location offered many fun experiences including a movie day in pajamas with hot chocolate, winter sports competition, an on-site therapeutic llama visit from Prairie Patch Farm, and fire and police department guest speakers.

KCE Champions collaborates well with many community partners including the Cedar Rapids Community School District, Kids on Course, local businesses, CCR&R, and health professionals. School custodial staff, school administration, school nurse, and school food service personnel help ensure the children's space is sanitary and hazard free each day. The school food service personnel prepare and provide all food items for the childcare program. The school kitchen is inspected at least annually by the health department. There is an AED onsite.

KCE Champions LLC locations has emergency plans, policies, and procedures in place which are annually reviewed and updated as needed. The program has successfully navigated through 2022 food supply and infant formula shortages, 2023 air quality alerts and 7/19/24 global technology outage.

Each child is engaged in a daily health check upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior which may adversely affect the child or the group. The program has policies and procedures in place for hand washing, cleaning, sanitizing and disinfecting.

On the day of the monitoring visit, many child-accessible materials and child-friendly furnishings were observed. Activities observed included self-selected play experiences (e.g. building materials, imaginative play items, gear creating, free crafting) and large gross motor play in the gymnasium. A noteworthy crafting experience creating silver-blue scratch off snowflake cards was observed to be greatly enjoyed! Also, a group attempt to create the longest rubber band chain to compete with that of the Guinness Book of World Records was observed to have much child participation! Routine transitions (e.g. clean-up, restroom breaks, face-to-name checks) worked smoothly into the day's programming. Staff were actively engaged with the children, offered much nurturance, provided positive redirection when needed and encouraged the use of social graces. Children appeared to be greatly enjoying their experiences!
