Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home A conducted on 02/21/2017. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

- 441 IAC 110.8(1)“ i” Smoking and the use of tobacco products shall be prohibited at all times in the home and in every vehicle in which children receiving care in the home are transported.
Smoking and the use of tobacco products shall be prohibited in the outdoor play area during the home's hours of operation. Nonsmoking signs shall be posted at every entrance of the child care home and in every vehicle used to transport children.
All signs shall include:
1. The telephone number for reporting complaints, and
 2. The Internet address of the department of public health (www.iowasmokefreeair.gov)
- 441 IAC 110.8(1)“ n” Providers shall inform parents of the presence of any pet in the home.
1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).
 2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.
 3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.
 4. All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.
 5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

441 IAC 110.8(3)**Medications and Hazardous Materials**

441 IAC 110.8(3)“c”

Medications shall be given only with the parent's or doctor's written authorization. Each prescribed medication shall be accompanied by a physician's or pharmacist's direction. Both nonprescription and prescription medications shall be in the original container with directions intact and labeled with the child's name. All medications shall be stored properly and, when refrigeration is required, shall be stored in a separate, covered container so as to prevent contamination of food or other medications. All medications shall be stored so they are inaccessible to children. Any medication administered to a child shall be recorded, and the record shall indicate the name of the medication, the date and time of administration, and the amount given

441 IAC 110.8(4)**Emergency Plans**

441 IAC 110.8(4)

Emergency Plans: plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas.

441 IAC 110.8(4) “a”

Fire and tornado drills shall be practiced monthly and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

441 IAC 110.8(4) “b”

The provider must have procedures in place for the following:

1. evacuation to safely leave the facility
2. relocation to a common, safe location after the evacuation
3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
4. lock down protocol to protect children and providers from an external situation
5. communication plan and plans for reunification with families
6. continuity of operations plans
7. Procedures to address the needs of individual children, including those with functional or access needs

441 IAC 110.9

Files

441 IAC 110.9(1)**A provider file is maintained and shall contain the following:**

441 IAC 110.9(1)“a”

A physician's examination report for the provider and all members of the provider's household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) “d”, 110.9(4) “f”, and 110.9(4) “g”

441 IAC 110.9(1)“b” (1) I-PoWeR records or certificates verifying required training completion:

Prior to registration:

- minimum health and safety training, approved by the Department, in required content areas
- Iowa's Mandatory Child Abuse Reporter Training

Prior to registration: First Aid and Cardiopulmonary resuscitation. Provider shall maintain a valid certificate indicating date of training and expiration date.

During each two year registration period, the provider shall receive a minimum of 24 hours of training from approved content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years

A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years'

training requirements, not including first-aid and mandatory reporter training

441 IAC 110.9(4)

Children's Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:

- a. Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child, and the parent's work address and telephone number.
- b. Emergency information including, at a minimum, where the parent can be reached, the name, street address, city and telephone number of the child's regular source of health care, and the name, telephone number, and relationship to the child of another adult available in case of emergency.
- c. A signed medical consent from the parent authorizing emergency treatment.
- d. An admission physical examination report signed by a licensed physician or designee in a clinic supervised by a licensed physician
 1. The date of the physical examination shall not be more than 12 months before the child's first day of attendance at the child development home.
 2. The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.
 3. For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.
 4. The examination report or statement of health status shall be on file before the child's first day of care
- e. For children under the age of 6, a statement of health condition signed by a physician or designee submitted annually from the date of the admission physical. For a child who is enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physician statement.
- f. For each school-age child, on the first day of attendance, documentation of a physical examination that was completed at the time of school enrollment or since.
- g. A signed and dated immunization certificate provided by the state department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable.
- h. For any child with allergies, a written emergency plan in the case of an allergic reaction. A copy of this information shall accompany the child if the child leaves the premises.
- i. Documentation that is signed by the parent and names persons authorized to pick up the child. The authorization shall include the name, telephone number, and relationship of the authorized person to the child.
- j. Written permission from the parent for the child to attend activities away from the child development home.
- k. Injury report forms documenting injuries requiring first aid or medical care
- l. If the child meets the definition of homelessness as defined by section 725(2) of the McKinney-Vento Homeless Education Assistance Act, the family shall receive a 60-day grace period to obtain medical documentation.

Findings:

Nonsmoking signs shall be posted at every entrance of the child care home and in every vehicle used to transport children.

All signs shall include: The telephone number for reporting complaints, and the Internet address of the department of public health (www.iowasmokefreeair.gov). Provider needs to put up nonsmoking signs. Child Care Resource and Referral can assist.

Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice). Provider needs to have vet check ups for the two family dogs completed and documented on form 470-5153.

Any medication administered to a child shall be recorded, and the record shall indicate the name of the medication, the date and time of administration, and the amount given. The provider needs to fill out a medication form when giving medications to a child. A medication form will be sent to the provider.

Emergency Plans: plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas. The provider needs to draw evacuation plans and place by exits in the home. This plan could be drawn with red for the fire route and with blue for the inclement weather and should include verbal direction under the visual drawing.

Fire and tornado drills shall be practiced monthly and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year. The provider needs to complete monthly drills and document those drills

The provider must have procedures in place for the following: evacuation to safely leave the facility; relocation to a common, safe location after the evacuation; shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue; lock down protocol to protect children and providers from an external situation; communication plan and plans for reunification with families; continuity of operations plan, and procedures to address the needs of individual children, including those with functional or access needs.

A physician's examination report for the provider and all members of the provider's household over the age of 12 . Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. The examination shall include any necessary testing for communicable diseases; a discussion of recommended vaccinations; completed no more than six months prior to initial registration; completed by a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner; and repeated at least every three years. All children residing in the household that are 12 years of age or younger must have medical documentation outlined in 110.9(4) "d", 110.9(4) "f", and 110.9(4) "g".

The provider needs to have physicals for herself and her husband documented on form 470-5152 and a physical for her child documented on the form the physician chooses to use.

441 IAC 110.9(1)"b" (1) Certificates or other documentation from the department verifying the following:

The provider needs to complete the minimum health and safety training, approved by the Department. This training is 10 modules that can all be completed online. Child Care Resource and Referral can assist with this training.

The provider needs to get documentation that she has completed Iowa's Mandatory Child Abuse Reporter Training by getting a copy of the certificate or complete this training again.

The provider needs to get documentation that First Aid and Cardiopulmonary resuscitation or retake the course. Provider shall maintain a valid certificate indicating date of training and expiration date.

During each two year registration period, the provider shall receive a minimum of 24 hours of training from approved content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years.
