2. 110.8(5)a-d Safe Sleep: The provider had a 10-month-old infant sleeping in a bouncy seat, covered entirely with a blanket. The provider did move the infant to a nearby pack and play, with a tight-fitting sheet, after the issue was addressed. The provider acknowledged that she does know safe sleep practices.

3. 110.9(1)a Provider File:
-The provider does not have physicals in the provider file for her parents, who reside in the home.

-The provider did not have current, annual physicals for some children's files.

Suggestions/Recommendations:

SW Bailey has made referrals to CCR&R and CCNC to review safe sleep practices with the provider. The provider is expected to meet with partners and cooperate with all recommendations.

I encourage you to work with Karen Lauer from Child Care Resource and Referral with any ongoing compliance or training needs.

Karen can be reached at: 641-820-1922.

Corrective Action Required:

1. The provider needs to hang an Emergency and Disaster plan by the primary entrance (front door).

2. The provider will meet with the CCR&R and CCNC partners to address safe sleep. The provider will sign a safety plan agreeing to follow safe sleep practices 100% of the time. The provider was instructed that her registration will be revoked if safe sleep practices are not followed.

3. The provider needs to have current physicals on file for all household members (her parents).

4. The provider needs current/annual physicals in all children's files.
