- [ ] Registered Child Development Home C1
- [ ] Non Registered Child Care Homes accepting CCA

Program Population Served:

- [ ] Infant(0<24 mos)
- [X] Toddler
- [X] PreSchool
- [ ] School Age
- [ ] All Ages

1. Basic Overview

Emiley became a registered childcare provider in 2022. She did report providing care as a non-registered provider for about 4 years as well and she worked in a childcare center for 5 years and worked in a school as a para-educator for 2 years. Emiley is not a participant of the IQ4K quality rating system. She has participated in Child Net. She does participate in the Food Program. Emiley shared that she is willing to care for children from the age of 1 to kindergarten. She does not take infants or school-aged kids. Emiley provides care on the lower level of her home. She has that set up nicely for childcare. Emiely has a nice outdoor space for outdoor play that has a few play structures and includes both sun and shared areas. Emiley does not have any pets. Emiley does not have an approved substitute or assistant.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

Emiley had 3 children present when this worker arrived. They arrive early so were just waking up from some additional sleep time. Emiley then took those 3 to the kitchen area and provided breakfast. A fourth child arrived while this worker was present and began to participate in free play. After breakfast, Emiley then set up for one child to practice writing his name while another child also participated in free play. Emiley has a variety of toys and activities for the children. She described structure and routine in her day that includes activities for both large motor and fine motor skills.

Emiley's policies were detailed and nicely written. She had much more than the required minimum for policies. Her documentation for her children was organized into folders and al in a file box, so this worker was able to easily review her documentation while she was able to continue to supervise and meet the needs of the children.

Emiley described that in addition to communicating verbally with the parents she sends home daily written sheets for each child.

3. Identify The Aspects That Fall Below The Standard

110.8(1)h. Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Emiley did not have documentation of monthly testing of smoke detectors for 2026.
*Emiley needs to ensure that she tests her smoke detectors monthly and documents those accordingly.

110.8(4)a. Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
Emiley did not have documentation of monthly practice of fire and tornado drills for 2026.
*Emiley needs to ensure that she practices fire and tornado drills monthly and documents those accordingly.

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
Emiley's adult daughter had an expired physical.
*Emiley needs to obtain an updated physical exam for her adult daughter on the approved HHS form.

Children's files:
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
Emiley was missing an updated/annual exam for one of the children.
*Emiley needs to work with the parents to ensure she has all the required documentation for each child's file.

A re-check is not needed at this time. The above corrections should be made within 3 weeks (by 6/26/26) and will be reviewed at the next annual compliance check.

If you have questions, you may contact me at 319-429-0749 or via email at christy.weber@hhs.iowa.gov

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

Notes:
Emiley shared that she does not transport the childcare children.
Emiley shared that she does not ever use a swimming pool but will use a sprinkler or water table for other water play.

CHILD CARE ANNUAL EVALUATION

We did discuss safe sleep policies.
We did discuss the number of children she is allowed to care for at one time as a Category A provider.

As part of the 2026 Targeted compliance the Emergency Preparedness Plan was thoroughly reviewed. Emiley was in compliance with her EPP.
She was encouraged to review it at least yearly to ensure that no changes need to be made.

Recommendations:
Emiley did not yet have anything written in regard to notifying parents in writing that the state does allow parents to submit an exemption for immunizations (either religious or medical) in lieu of the immunization record for each child. This is a new expectation for providers effective 7/1/25 so we did discuss this, and she agreed to get that documented accordingly.

HHS Child Development
Home Compliance Worker: Christine Weber Date: 5/29/2026

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at I encourage you to work with Black Hawk County Child Care Resource and referral at 319-233-0804 if you have any ongoing compliance or training needs.
