CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Lisa Ciesielski has been a registered Child Development Hom Provider since February of 2010. Currently Lisa is a category "B" Child Development Home Provider. This allows her to have 8 preschool children in her care. She can have an additional 4 school aged children for a total of 12 children at one time for 2 hours. If she has more than 8 children in her care for over 2 hours she would need to have an assistant present. Lisa does not have an assistant or substitute at this time. Lisa's availability for care for families is Monday through Friday from 7:30am to 5pm. Lisa does not provide transportation for families in her care. Lisa does have an egress window with stairs in the basement care area.

2. Identify Observed Strengths Of The Program

Lisa identifies her strengths are the following: She is organized, flexible, structured, predictable, and communicates effectively for the needs of the children in her Child Development Home. Lisa's care area in the home is populated with learning objects, play equipment, and age-appropriate furniture. Lisa's outdoor area is fenced and has equipment that encourages large and small motor development. Lisa has completed Safe Sleep training and implements the practice when she has children 12 months or younger. Lisa uses redirection and Quiet Time for her main behavioral interventions. Children in Lisa's care receive regular meals and snacks as appropriate. Lisa's required paperwork is posted appropriately in the Child Development Home. Lisa's paperwork and files are organized, complete, and easily accessible.
