II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

Metro Kids - Lovejoy has offered child care services for school age children under Department of Education for many years. In 2014 the Metro Kids programs became licensed by DHS. The center uses the school's cafeteria/gym for programming space. The school has secured entrances. Kelsi Stanley is the administrative director of Metro Kids. Tamatha Jelinek is the on site supervisor.

An unannounced visit was completed today. All areas subject to HHS licensing rules were observed. Mandatory postings are in place in the cafeteria. A schedule/lesson plan was posted in the cafeteria. The center sets out toys, games, art materials and other age appropriate games and learning materials in the cafeteria. The center keeps their supplies in a closet in the cafeteria.

Tametha was present and she assisted with today's visit. There were four staff working today. There were twenty four children in attendance. Children were observed in the cafeteria and on the playground. Children were involved in individual and small group activities.

The center serves snack after school. The center gets snacks from the school. The snack menu was reviewed today and showed compliance with CACFP requirements. Snack served today was string cheese and 100% fruit juice.

The school's playground is maintained by school staff. There are basketball hoops and an area of grass. There are some climbing structures. Rubber tile is in place surfacing material. The center completes monthly playground checks.

Metro Kids uses school buses for off site field trips.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

The center has a good amount of play materials for children's use. Children are offered large motor play activities through using the gym and playground.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:
