- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Shayla has been providing child care for approximately 12 years now with most of the time being a registered provider. Shayla has a category C child development home with Courtney serving as her co-provider. Shayla and Courtney accept children aged infant through 12 years of age. They are available for care Monday through Friday for first and third shifts. Current hours of care are 8:00 a.m. - 6:00 p.m. and then 10:00 p.m.-7:00 a.m. Shayla describes her child care as a family attention where children are given a lot of 1:1 attention. Shayla has an educational background in children with a Master's Degree in counseling children and adolescents.

2. Identify Observed Strengths Of The Program

Shayla believes their greatest strengths are their ability to work well together and backing each other up when needed. Shayla reports that Courtney has a high level of patience in working with the children and Shayla provides the much needed structure and consistency for their environment. Shayla is a participant in the CACFP food program for child care providers. Shayla maintains her paperwork in an organized fashion making it easy to find needed compliance items each year.

3. Identify The Aspects That Fall Below The Standard

110.8 (1) h : Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.
Each smoke detector has been installed according to manufacturer’s recommendations.
Each smoke detector is tested monthly, and a record is kept for inspection purposes.
All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9 (2) c : Certification of two hours of approved training relating to identification and reporting of child abuse within six months of employment.
110.9 (3) c : Certification of two hours of approved training relating to identification and reporting of child abuse within three months of employment.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Shayla needs to put the smoke detector back up at the top of the basement stairs.
Shayla needs to resume monthly smoke detector testing and monthly fire and tornado drill documentation.
Shayla needs updated pet examination for her dog documented on required HHS form, Pet Health Examination Veterinary Health Certificate.
Shayla's co-provider/substitute Courtney needs to locate her Mandatory Child Abuse Reporter Training or retake.
Shayla's assistant Kyla needs to locate her Mandatory Child Abuse Reporter training or retake.

Shayla will send verification of the above items to Kathy by 7/20/2026. Items can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

5. Special Notes/recommendations

Targeted case compliance of emergency preparedness plan completed - plan remains up to date and accurate.
