Annual water test needs done and the paperwork maintained in your file for your next inspection. This will be checked at your next inspection.

In regards to the MCART training for the provider, please complete this training and have a copy on file for the next inspection or you can upload this information to I-Power. This will be checked at your next inspection.

Please ensure that your helpers have a file with necessary information and trainings, or their trainings can also be uploaded to IPower under your provider information. This will be checked at your next inspection.

Please look at childcare files and ensure that all children have annual documentation of a physical. If medical offices will not sign the DHHS form, please request parents to bring you a copy of the visit summary for the physical. This will be checked at your next inspection.

Corrective Action Required:

Your home is not in need of a recheck.
