Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home C conducted on 11/14/2022. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

441 IAC 110.8(1)"h" The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. l. If the child meets the definition of homelessness as defined by section 725(2) of the McKinney-Vento Homeless Education Assistance Act, the family shall receive a 60-day grace period to obtain medical documentation.

Findings:

Documentation of Fire Drill and Smoke detector checks were not identified for three months in 2022.

**Discussion with the provider regarding maintenance of these monthly drills and checks. Provider reported that they were all done and she realized that she had not written down the day and time for those months.

Children's files were found to be mostly up to date. There was one file for an infant (0-1) that did not have a signed physical. Compliance staff looked at the sibling files and both of those did have signed physicals.

**Discussion with the provider that physical print offs from the medical office are accepted if the doctor's office will not fill out the State form.

Suggestions/Recommendations:

Remember to look at all paperwork returned by the parents for appropriate signatures.

Maintain your monthly drill and smoke detector check documentation.

Corrective Action Required:

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.
