CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Farhiyo Ahmed has been a registered childcare provider since May of 2021. Farhiyo is currently a category "A" Child Development Home Provider. This category allows the provider to have 6 preschool children with an additional 2 school aged children in care at one time. Farhiyo does not currently have any families on her roster for care. Farhiyo does not have an assistant or substitute for her program. Farhiyo does not provide transportation for families in her care. Farhiyo is available 24 hours a day 7 days a week to provide care for families.

2. Identify Observed Strengths Of The Program

Farhiyo has completed her required trainings as reviewed by the Registration Unit. Farhiyo has completed Safe Sleep training; this worker reviewed the policy with her and gave her an informational flyer. Safe Sleep policy was reviewed through the translator. Farhiyo will implement the practice when she has children 12 months or younger in her care. Farhiyo uses Time Out and redirection as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Farhiyo's care will receive regular meals and snacks as appropriate. There is an outside space the children can access for play when the weather allows. Farhiyo's provider file is complete, organized, and easily accessible. There were no individual child files due to having no families in care.

3. Identify The Aspects That Fall Below The Standard

Within six months of becoming registered, children 18 years of age or younger residing in the household must have:Admission physical exam report.Immunization certificate.For school age: Documentation of physical exam completed at time of school enrollment or since that time.

1. Each household member 18 years or older needs to have a DHHS Medical Form completed by a qualified medical professional every 3 years. This worker left 2 blank forms for the household members to take to their medical provider.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

None.

5. Special Notes/recommendations
