Program Population Served:

- [X] Infant(0<24 mos)
- [X] Toddler
- [X] PreSchool
- [ ] School Age
- [ ] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Janet has been a registered child care provider for approximately 14 years. She took a short break for a couple of years in the middle of this time, but remains committed to providing child care. Janet serves children in the quad city area ranging in age from infant through 4 years old. Janet does not take school age children currently. Janet has a play based program that is guided by the children in care and what they are interested in doing. Janet is a participant in the food program.

2. Identify Observed Strengths Of The Program

This worker observed Janet interacting with all of the children during the visit. Janet sang songs with them and engaged the children individually by name several times. This worker observed Janet talking to the kids positively and assisting them in problem solving when they had a dispute with their friends. Janet has safety gates to her kitchen to prevent the children from accessing the kitchen while she is meal prepping. The children have ample place to play in several locations with different toys spread throughout. This worker observed the kids building with the large soft 'blocks' and one child playing independently in the kitchen area. The children were eager to assist in showing this worker their play rooms and where they nap. Janet included the children in decision making while this worker was present, specifically planning the lunch menu. There were no safety hazards noted anywhere throughout the home or the outdoor play area. Janet maintains her paperwork for herself and her children in binders making it simple to locate required items for her compliance visit.

3. Identify The Aspects That Fall Below The Standard

n : Providers inform parents of the presence of any pet in the child development home.

Janet needs updated pet records for both of her cats. Janet believes these were done, but could not locate the required form for these examinations. Janet will send these two pet records to Kathy by 8/18/2025. These items can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

Janet spoke very highly about a recent training she took in the area featuring Lisa Murphy. Lisa is considered the "ooey gooey lady" and provides trainings based on play based, child centered environments. It was obvious that Janet gained tremendous insight from this training and is looking at ways to incorporate ideas into her child development home.
