[ ] School Age

[X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Erickah provides child care to children aged 1 year through school aged. Erickah is available for care currently from 6 AM - 8PM Mondays through Fridays. Erickah states that she provides a family home environment for children in her care. Erickah states she has a play based child care environment where children regularly learn through normal day to day activities. Erickah recently moved to a new home and has plans on installing an egress window in her basement soon so the childcare can be situated in the basement of the home. This was a combined pre inspection for her change of address and a full annual compliance visit.

2. Identify Observed Strengths Of The Program

Erickah believes her greatest strength is her high level of patience in working with kids. Erickah states that she loves the kids and really enjoys her role as a child care provider. Erickah is a participant in the CACFP food program for child care providers.

3. Identify The Aspects That Fall Below The Standard

All travel vehicles must have a paper copy of emergency parent contact information.
110.8 (1) h : Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.
Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9 (2) c : Certification of two hours of approved training relating to identification and reporting of child abuse within six months of employment.
110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Erickah placed a paper copy of emergency parent contact information in transport vehicle during visit. Nothing further needed.
Erickah could not locate her 2026 written drill records. Erickah will resume monthly smoke detector testing and fire/tornado drills and maintain written documentation.
Erickah needed a smoked detector in the play room. There was a detector in the hallway right outside the playroom, but not directly in. Erickah installed the smoke detector in the play room during the visit. Nothing further needed.
Erickah's son was recently approved as an assistant. He needs to complete Mandatory Child Abuse Reporter Training.
Of the child files reviewed, they needed the annual update of the enrollment forms (signed and dated within the last year). Erickah will have parents update child forms.

Erickah will send verification of assistant's completion of mandatory child abuse reporter training to Kathy by 5/22/2026. This can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

Child files and drill records will be reviewed again at next year's compliance visit.

5. Special Notes/recommendations

Targeted case compliance completed regarding Emergency Preparedness Plan. Erickah completed necessary updates to plan since she has moved to a new location. Plan is current and up to date at this time.
