CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Hannah Miller is a CDH Category A provider, living in Ankeny. She has been a registered daycare provider since 2025. Hannah has one approved sub/assistant. Hannah lives in a 2 story house but and uses the main floor and upstairs for her child care operation.

2. Identify Observed Strengths Of The Program

Hannah Miller was organized for our compliance check. Three children were present during our visit, ages 2 year old and 1 year old. She was able to locate trainings for me and provide care the daycare children. Hannah said the daycare children play with toys, with play dough, sensory bins and play outside. Hannah's backyard is fenced in and they also go to the neighborhood park. We reviewed all safe sleep regulations. Hannah uses pack and plays for infants. Hannah uses redirection for discipline.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. All household pets need a vet statement completed on the state required form and updated yearly.
2. Fire and tornado drills need practiced monthly. Record of these drills need kept for inspection purposes.
