CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Karla Weber on 3/31/2026. Karla has been involved in child care for 24 years. She uses the main floor only of her 2 story home. Karla is in a rural setting though has public rural water for her drinking source. She has an open, clean, and clutter free environment. Karla had 5 kids present during my visit, and a total of 7 in care at this time. She has one pet dog, and has a current vet statement on file. Karla has no HHS-approved substitutes or assistants, and is due to renew her registration effective 2/28/2027.

2. Identify Observed Strengths Of The Program

Karla keeps relatively low numbers and has good control of her environment. The children present knew the routine and responded well to Karla. She describes her strengths as her organization, experience, and communication with parents. She has verbal exchanges with parents on a daily basis. Karla offers a child-led curriculum with lots of free play and traditional games, arts, crafts and music. The children have regular outside time as weather allows. Karla participates in the Food Program to enhance the nutrition of her meals and snacks.

3. Identify The Aspects That Fall Below The Standard

Karla was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Karla was in compliance with a plan consistent with her current operation.

I encourage Karla to work with Janey Schmitt from Child Care Resource and Referral with any ongoing compliance or training needs.
Janey can be reached at: (563) 286-0694

Karla has no current infants under 12 months of age. She is expecting one later this summer and we reviewed safe infant sleeping policies for future reference.
