CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Jacque Nordmeyer on 1/15/2026. Jacque has been involved in child care for 37 years. She continues her operation using the main floor only of her ranch style home. The home is designated for child care only and no one lives there. The primary child care space is the living room, dining room, and the kitchen. The back hallway and bedrooms are used for storage only and not used for child care. The home is somewhat cluttered, though the child care space was appropriate for the age children present. Jacque currently has a busy personal life and is only caring for 3 children. (One being a family member.) Jacque has no current HHS-approved substitutes or assistants. There are no pets at the residence. Jacque is due to renew her registration effective 5/31/2027.

2. Identify Observed Strengths Of The Program

Jacque describes her primary strengths as patience with the children, and her knowledge/experience in the child care industry. She is willing to work with special needs children, and has good attention to the children with her low numbers. The curriculum is primarily free play mixed with music, story time, crafting, and reading time. Jacque's home borders a railroad track, though she has an entirely fenced in outside play area. Jacque participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

Though a little unorganized, Jacque was able to find all of her necessary compliance items and has no corrections at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance of Emergency Preparedness Plan was conducted. Jacque's plan was in compliance and consistent with her current operation.

I encourage Jacque to work with Katie Cruise from Child Care Resource and Referral with any ongoing compliance or training needs.
Katie can be reached at: (319) 530-5265

Jacque currently has no infants under 12 months of age in care. We reviewed safe infant sleeping practices for future reference.
