CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Angela Hopkins has been a registered childcare provider since July of 2008. Angela is currently a category "C1" Child Development Home Provider. This category allows the provider to have 8 children in care at one time regardless of whether she has an approved substitute or assistant present. There are no pets in the Child Development Home. Angela does not provide transportation for families in her care. Angela is available for care Monday through Friday 5:30am to 11:30pm.

2. Identify Observed Strengths Of The Program

The home has dedicated spaces which are extensively furnished with children's furniture, toys, books, and cribs. There are toys and objects which encourage children to develop large and small motor skills. The providers follow a structured routine which children can predict their environment and activities. The children have group activities, free-play, and access to media depending on the age of children in care. There is a large grass yard the children can access when the weather allows. The yard is furnished with playground equipment encouraging large and small motor skill development. Angela has completed her required trainings as reviewed by the Registration Unit. Angela has completed Safe Sleep training; this worker reviewed the policy with her and gave her an informational flyer. Angela will implement the practice when she has children 12 months or younger in her care. Angela uses proximity and redirection as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Angela's care will receive regular meals and snacks as appropriate. Angela participates with the Food Program. Angela's provider file and individual child files are complete, organized, and easily accessible.
