Sioux City, IA 51103

Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your residence in which you are seeking child development home registration conducted on 12/18/2024. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

441 IAC 110.8(1)"b" Electrical wiring shall be maintained, and all accessible electrical outlets shall be tamper-resistant outlets or shall be safely capped. Electrical cords shall be properly used. Improper use includes running cords under rugs, over hooks, through door openings, or other use that has been known to be hazardous

441 IAC 110.8(1)"h" The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer's recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes

441 IAC 110.8(3) **Medications and Hazardous Materials**

441 IAC 110.8(3)"a" All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child

441 IAC 110.8(3)"b" A first-aid kit shall be available and easily accessible whenever children are in the child development home, in the outdoor play area, in vehicles used to transport children, and on field trips. The kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children. The kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.

441 IAC 110.8(4) **Emergency Plans**

441 IAC 110.8(4) "b" The provider must have procedures in place for the following:

1. evacuation to safely leave the facility
2. relocation to a common, safe location after the evacuation
3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
4. lock down protocol to protect children and providers from an external situation

5. communication plan and plans for reunification with families
6. continuity of operations plans
7. Procedures to address the needs of individual children, including those with functional or access needs

Findings:

441 IAC 110.8(1)“b” Electrical wiring shall be maintained, and all accessible electrical outlets shall be tamper-resistant outlets or shall be safely capped. Electrical cords shall be properly used. Improper use includes running cords under rugs, over hooks, through door openings, or other use that has been known to be hazardous.

Outlets in the front playroom need to be capped.

441 IAC 110.8(1)“h” The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer’s recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes.

Smoke detectors are needed in the front and back playrooms.

441 IAC 110.8(3)“a” All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child.

A child lock is needed on the cupboard below the kitchen sink.

441 IAC 110.8(3)“b” A first-aid kit shall be available and easily accessible whenever children are in the child development home, in the outdoor play area, in vehicles used to transport children, and on field trips. The kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children. The kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.

Bottled water is needed in the first aid kit.

441 IAC 110.8(4) “b” The provider must have procedures in place for the following:
1. evacuation to safely leave the facility.
2. relocation to a common, safe location after the evacuation
3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue.
4. lock down protocol to protect children and providers from an external situation.
5. communication plan and plans for reunification with families.
6. continuity of operations plans
7. Procedures to address the needs of individual children, including those with functional or access needs.

The provider's Emergency Preparedness and Response plan needs to be updated to reflect the change in location

Suggestions/Recommendations:

A re-check is not needed at this time, corrections need to be made by 1/18/25 and will be reviewed at the next annual compliance check.

I encourage you to work with Amber Kollbaum from Child Care Resource and Referral with any ongoing compliance or training needs.

Amber can be reached at (712) 541-3498

Corrective Action Required:

Please cap all outlets in the front playroom.

Please install smoke detectors in the front and back playrooms.

Please install a child lock on the cupboard below the kitchen sink.

Please include bottled water in your first aid kit.

Please update your Emergency Preparedness and Response plan to reflect the change of location.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at david.jaehrling@hhs.iowa.gov if you have any questions regarding this letter.

Sincerely,

Dave Jaehrling

Always Remember:

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at 877-216-8481

As you plan your future trainings to meet your 24 hours of training requirement, please remember that you can access the approved training by going to http://www.dhs.state.ia.us/Consumers/Child_Care/Professional_Development.html

You may also access training at: https://ccmis.dhs.state.ia.us/trainingregistry/

All providers need to maintain compliance with rules set out in Iowa Administrative Code, Chapter 110, which includes: 441 IAC 110.5(1): Check with the appropriate authorities to determine how the following local, state, or federal laws apply to you: • Zoning code • Building code • Fire code • Business license • State and federal income tax • Unemployment insurance • Worker's Compensation • Minimum wage and hour requirements • OSHA • Americans with Disabilities Act (ADA).
