Findings:

This worker arrived to the home to find seven children present, of these children four are under the age of 24 months and of those four, one is under the age of 12 months.. Provider is within allowed category B numbers.

A full review of records was completed noting that her four dogs need the form Pet Health Examination Veterinary Health Certificate completed within 60 days. Cindy keeps these four dogs separated from the children at all times as they are gated upstairs away from access off children. Cindy also needs a complete file maintained on her assistant, Miranda including physical, MCART certificate, and approval letter. Cindy needs to obtain one updated physical for a child in her care.

A tour of the entire home and outdoor area was completed noting that Cindy needs to update her emergency posting as it was missing two children's information

Suggestions/Recommendations:

Corrective Action Required:

Cindy will text this worker a photo of all 4 dogs' paperwork within 45 days and a photo of the emergency posting updated. The child file will be verified at the 2023 compliance visit.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 641-421-1219/anash@dhs.state.ia.us if you have any questions regarding this letter.

Sincerely,
