	REVOCATION of license

Licensing Consultant: Kathy DeGeorge-Evans

Date: 04-01-2024

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced off year licensing visit was made to Saint Rose 3 Year Old Preschool on 3-13-2024. The center opened in September 2021. They previously operated under the Department of Education. Preschool services are offered to children on Tuesday, Wednesday and Thursdays from 8:15 am to 11:15 am during the school year. The preschool is located across the parking lot from the St. Rose School.

Wendie Cadwell is the director and Daniela Oropeza is the on-site supervisor, they have worked at the center/school for several years. I met with Daniela Oropeza.

There were 12 children enrolled.

Observation of room:

The program room looked nice, there was a fun variety of age and developmentally appropriate toys and equipment. Equipment is rotated four times a year. Daniela reported they began using a new curriculum called Ready To Advance Foundational Learning and it has a book that gives the daily lesson plans and activities. Daniela became a Para Educator. eight children and two staff were present, the children were having fun tracing their names, participating in a fine motor activity and having the morning lesson. Staff had excellent interactions with the children, they were positive and attentive to the needs of the children.

Two parent teacher conferences are held each year.

A monthly newsletter is provided to parents.

Nutrition:

Parents take turns providing the daily snack. A list of nutritious food options is given to the parents. Make sure the CACFP food guidelines are followed even though your center isn't on the food program. One child has a food allergy and the parents provide the child's snack.

Health and Safety:

Fire/tornado drills were practiced and documented monthly.

Please make sure you are completing radon testing every two years and the test score must be under a 4.0 pCi/L. I didn't see documentation of an annual fuel burning inspection if you have fuel burning appliances.

Make sure you follow the medication management procedures, one child has a food allergy and has an Epi pen. You need the med log for the EPI pen. It is recommended that you take the medication management training.

The center has their emergency procedures.

Playground:

The center has a playground/outdoor play area. The monthly playground inspections were documented.

Transportation:

The center doesn't provide daily transportation services.

Administrative Records:

Child files were reviewed and were in good order.
Staff files were reviewed and were in good order.
The center has their parent/staff handbooks.
Wendie Cadwell meets with staff on a regular basis.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Saint Rose 3 Year Old Preschool is a wonderful resource for the community. Wendie and Daniela have many years of experience working in preschool field. Daniela is enthusiastic and proud of the program. Before the center was licensed they operated under the Department of Education for many years.
Daniela became a Para Educator.
Staff had excellent interactions with the children.
Your room looks nice and you have a fun variety of age and developmentally appropriate toys and equipment.
The center will apply for IQ4K. They were meeting with Bailey Hill from Child Care Resource and Referral on 3-13-2024 to discuss IQ4K.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.11(7)c All centers: Annual inspection prior to heating season of all fuel-burning appliances to reduce risk of carbon monoxide poisoning and shall install one carbon monoxide detector on each floor that conforms to UL Standard 2034. Make sure you have an annual fuel burning inspection if your building has fuel burning appliances.

V. SPECIAL NOTES/RECOMMENDATIONS:

A full license is recommended for 9-1-2023 to 9-1-2025.

It is recommended that you take the medication management training.

You will need an approved fire marshal inspection by 8-17-2024. Fire marshal inspections are due every three years. If you have an inspection that was completed after 8-17-2021 you can send me a copy.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
