☐ Registered Child Development Home C

☐ Registered Child Development Home C1

☐ Non Registered Child Care Homes accepting CCA

Program Population Served:

☐ Infant(0<24 mos)

☐ Toddler

☐ PreSchool

☐ School Age

☒ All Ages

1. Basic Overview

Angel became a Registered childcare provider with HHS in June of 2019. She has primarily cared for four of her grandchildren who are all school aged. At this time, she has a job outside of the home and her primary care is on weekends. She is not interested in caring for other children at this time but is open to that in the future. Angel does not participate in the IQ4K quality rating system. She does participate in the Food Program.

2. Identify Observed Strengths Of The Program

Angel's home is clean and organized. She currently provides care to some children with special needs and presents as caring deeply about quality care. She stated that she does not want to increase the number of children she cares for at this time as

she wants to ensure she is meeting the needs of the children she currently cares for.
Angel provides positive opportunities and interactions with the children in cooking and various crafts and activities they enjoy.

3. Identify The Aspects That Fall Below The Standard

110.8 (4) b : Procedures are in place for:
Evacuation to safely leave the facility,
Relocation to a common, safe location after evacuation,
Shelter-in-place to take immediate shelter where the child is when it is unsafe to leave that location due to the emergent issue
Lock down to protect children and providers from an external situation,
Communication and reunification with families,
Continuity of operations, and
Procedures to address the needs of individual children, including those with functional or access needs.
Angel could not locate her Emergency Preparedness Plan. This worker did provide her a copy of a blank form and an example template as well.
*Angel needs to locate her EPP or develop a new one and send pictorial verification to this worker.

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
*Angel needs to obtain an updated health exam for herself on the approved HHS form.

110.9 (1) b : Documentation from the Department confirming record checks have been completed and authorizing or limiting the person's involvement with child care.
Angel could not locate this documentation.
*She needs to try to locate this documentation to keep on file for her annual compliance checks.

110.9(4) e. For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of statement of health or admission physical.
*Angel needs to obtain an updated exam for one child or have the parent sign the annual statement of health.

110.9 (4) k : Injury report forms to document injuries requiring first aid or medical care.
*Angel did not have this form in the event of injuries. This worker did provide her a copy and she agreed to make copies for each child's file.

A re-check is not needed at this time. The above corrections should be made within 30 days and will be reviewed at the next annual compliance check.
Please send pictorial verification of the items noted above to christy.weber@hhs.iowa.gov or text to 319-429-0749.

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

Notes:
We did discuss safe sleep.
Angel is only currently using the main level of her home for childcare.

Recommendations:
Angel had written policies for ill children and health emergencies, but she did not yet have anything written in regard to notifying parents in writing that they are able to submit an exemption for immunizations (either religious or medical) in lieu

of the immunization record for each child. This is a new policy effective 7/1/25 so we did discuss this, and wrote up a statement while this worker was present. Angel agreed to share that with parents accordingly.

Angel's household composition has changed with individuals moving out and she was advised to notify the Registration unit accordingly of that change.

6. ADDENDUMS:

- Addendum1: Angel's annual compliance check was completed on 9/12/25. She was out of compliance with a few regulations, and she needed to locate or redevelop her Emergency Preparedness Plan and send pictorial verification of that item to this worker.

  Angel did send verification of the EPP on 9/15/25.

This Addendum is approved by supervisor on 9/17/2025

HHS Child Development
Home Compliance Worker: Christine Weber Date: 9/12/2025

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at I encourage you to work with Black Hawk County Child Care Resource and referral at 319-233-0804 if you have any ongoing compliance or training needs.
