CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Ogdennia is getting registered to provide child care. Ogdennia has her own children and grandchildren and was encouraged to become a child care provider. Ogdennia wants to help families by providing a safe and caring environment for their children. Ogdennia will accept children aged birth through school aged and is open to all three shifts of care at this time.

2. Identify Observed Strengths Of The Program

Ogdennia believes her greatest strength in working with children is that she genuinely loves kids. Ogdennia is an advocate for children and they become an extension of her own family. Ogdennia goes above and beyond for children and will assist the child and/or family however possible. Ogdennia has identified supports who are also involved in child care and will provide needed assistance when faced with questions. Ogdennia plans on participating in the CACFP food program for children and also implementing one of the child care applications (Brightwheel) to assist her in her child care operations.

3. Identify The Aspects That Fall Below The Standard

None noted.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Nothing needed - ready to approve pre inspection.

Ogdennia moved a piece of furniture in front of a TV in a child occupied room to ensure the hanging cords were not a safety concern. Ogdennia plans on putting some type of cord holder on the wall to address the cords. Ogdennia will leave furniture in place until the cord holder/protector has been installed.

5. Special Notes/recommendations

Targeted Compliance - Emergency Preparedness Plan.
