Suggestions/Recommendations:

441 IAC 110.8(1)“a” Sheila did not have the numbers for each child's parent, a person to reach when the parent cannot be reached, and the child's physician written on paper and easily accessible by a phone. This worker did provide her a form to use for that documentation and she did fill it out while this worker was present.

441 IAC 110.8(1)“h” Sheila did not have documentation of her monthly testing of smoke detectors.

441 IAC 110.8(1)“i” Sheila did have a non-smoking sign at the lower level entrance but needs one on the main level entrance.

441 IAC 110.8(3)“a” Sheila did have chemicals under one of her sinks that was not secured from access of the children. She also had a bottle of medication on the kitchen table. She did move that while this worker was present.

441 IAC 110.8(4) “a - Sheila needs to document fire and tornado drills every month. She did report that she does them monthly but they were not consistently documented.

441 IAC 110.8(4) “b” - Sheila did not have an emergency plan and procedures for evacuation. It was suggested she contact her CCR&R support for assistance in that area. She does need to send pictorial verification of this once completed.

441 IAC 110.9(1)“b” (1) I-PoWeR records or certificates verifying required training completion:
Sheila could not locate her verification of mandatory child abuse reporter training and her First Aid and CPR training had expired.

441 IAC 110.9(4) Children’s Files. - Sheila needs an updated physical and immunization record for the two children currently in her care.

Corrective Action Required:

A re-check is not needed at this time Corrections need to be made by 9/1/23 and will be reviewed at the next annual compliance check.
