1. Basic Overview

Mrwah Shanpia is a CDH Category A provider, living in Des Moines. She has been a registered daycare provider since 2024. Mrwah lives in a ranch style house and uses the whole house for her child care operation.

2. Identify Observed Strengths Of The Program

Mrwah Shanpia was able to locate her trainings for my compliance visit. Mrwah is currently watching one child, a 3 year old from noon-2pm. We reviewed safe sleep regulations. Mrwah does not currently have a crib/pack and play. If she has an infant enroll in her child care operation, she will need to purchase one, prior to the infant starting. Mrwah said she uses timeouts for discipline. She said the daycare child likes to read books, color and play with toys.

3. Identify The Aspects That Fall Below The Standard

Number for each child's parent, a person who can be reached when the parent cannot and child's physician is written on paper and readily accessible by the working telephone.
Each smoke detector has been installed according to manufacturer's recommendations.
Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance.
For infants and preschoolers: A statement of health signed by a physician submitted annually.
A signed and dated immunization certificate provided by the state Department of Public Health.
Documentation signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child.
Written permission from the parent(s) for their child to attend activities away from the child development home.
Injury report forms to document injuries requiring first aid or medical care

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Please write out contact information for each daycare child. Child's parent, a person who can be reached when the parent cannot and child's physician need written out.
2. Your smoke detector was beeping. New batteries is needed. Please log your monthly smoke detector checks for inspection purposes.
3. Fire and tornado drills need practiced monthly. Record of these checks need kept for inspection purposes.
4. Please review all daycare children files to ensure they have the required documentations- emergency contact information, pick up and drop off information, emergency medical consent, current physical and immunization records.
5. You could not find your recent mandatory reporter training certificate. CCR&R can help you find classes if you need assistance.

5. Special Notes/recommendations

I encourage you to continue working with Traci from Child Care Resource and Referral for any ongoing compliance or training needs.
