CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Tabitha has been a registered provider for almost three years now accepting children aged infant through school age. Tabitha provides care for first shift families only. Tabitha considers herself a play based program with curriculum utilized regularly. Tabitha adds that she bases the curriculum on the children and if they are in a good space for learning that day. Tabitha utilizes the Bright Wheel application which makes paperwork requirements much easier.

2. Identify Observed Strengths Of The Program

Tabitha believes her greatest strength to be that she truly enjoys 'teaching kids'. Tabitha took advantage of the child care app that is available to providers. This app (Bright Wheel) makes Tabitha's paperwork end of the job much more organized. Tabitha has a bright inviting space for child care situated in the basement of her home. Tabitha has a large assortment of age appropriate toys available for children in care.

3. Identify The Aspects That Fall Below The Standard

Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.
Tabitha needs a no smoking sign on her egress window in the basement. Tabitha sent a picture of this on her egress window a few hours after our visit.

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Tabitha needed her cat's HHS form completed as they needed to bring in the fecal sample. Tabitha sent a picture of this completed form a few hours after our visit.

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
Tabitha needed one child's updated physical. Tabitha sent this via email to this worker a few hours after our visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Nothing further is needed at this time as Tabitha has submitted all required paperwork. Fully compliant at this time.

5. Special Notes/recommendations
