Harmony did not have a file for a school age child that was a drop in today due to being out of school. She also was missing initial physicals for 3 preschool aged kids, 1 updated physical for a preschool aged child and 2 immunization records.

Suggestions/Recommendations:

Harmony needs to ensure that all accessible outlets ae capped at all times.

Harmony needs to install a smoke detector in the kitchen and send pictorial verification to this worker.
Harmony needs to ensure she tests her smoke detectors monthly and documents those accordingly.

Harmony either needs to move the chemicals under her kitchen sink or latch it appropriately. Please send pictorial verification of this when completed.

Harmony needs to ensure that fire and tornado drills are practiced monthly, and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

Harmony needs to update her Emergency and preparedness plan and send pictorial verification to this worker.

Harmony needs to work with the parents to ensure she has all the required paperwork for each child in her care.

Corrective Action Required:

A re-check is not needed at this time. Corrections need to be made by 9/1/23 and will be reviewed at the next annual compliance check. Please send pictorial verification of the items where specifically noted above.
