CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Joanna has been a registered childcare provider since July 2021. Joanna is a category B provider and she has no assistants or substitutes. Joanna accepts children ages 3 years to 7 years. Joanna's childcare hours are 8:00am to 4:00pm, Monday through Friday. Joanna's childcare home is located on a farm just outside of Solon.

2. Identify Observed Strengths Of The Program

Joanna has a large property for the children to play and explore. Joanna has a "nature area" that has swings, a mud kitchen, a slack line, mulch piles and boards for building. The farm also has goats and chickens for the children to learn about. Joanna has a building on her property referred to as the "school house" where the kids do arts and crafts, color, draw and read. Joanna says that the children enjoy "free play" in the mornings, a snack and then, weather permitting, they play outside. Joanna says that the children love to swing, play with chalk and parachutes.

Joanna is ending her summer program on July 2 and then is planning on pausing her registration as she will be teaching at a new Christian school. Joanna says that she wants to keep her registration because she may choose to run another summer program or return to in-home childcare.

3. Identify The Aspects That Fall Below The Standard

Joanna was found to be in full compliance.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

None.

5. Special Notes/recommendations

Targeted Compliance: Emergency Preparedness Plan
