CHILD CARE ANNUAL EVALUATION

1. Basic Overview

LaDonna and her daughter, Tamieka, are co-providers for this category C2 home in Coralville, Iowa. LaDonna has been providing childcare for 41 years and has been registered with the state since 2009. LaDonna provides care for infants through preschool age. LaDonna focuses her child development home on education and preparing children for school. LaDonna's childcare home is open Monday through Friday.

2. Identify Observed Strengths Of The Program

LaDonna and Tamieka run a very educational and structured child development home. During the compliance visit, Tamieka was holding and feeding an infant, but still interacting with the other children, helping them do reading and flashcards. LaDonna was also able to multi-task, completing the compliance visit, but also interacting with the children and assisting them with their books and flashcards. Each child had an age-appropriate book to read or was involved in another educational type of activity. The children were doing different things, but there was a structure to the environment. LaDonna and Tamieka pride themselves and their program on educating children. LaDonna reported that some of her childcare children are able to read Junie B. Jones chapter books before they start kindergarten.
