CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Tomasa Gomez Perez on 10/23/2025. Tomasa has been involved as a Registered Child Development Home with the State of Iowa since 9/2021. She had 5 children in care during the time of our visit. Tomasa continues using the main floor only of her 2 story home. She just renewed her Registration in September and remains good through 8/31/2027. Tomasa has one HHS-approve assistant and no HHS-approved substitutes. Tomasa uses her mostly fenced in back yard for her outside play area.

2. Identify Observed Strengths Of The Program

Tomasa has worked regularly with her CCR&R representative and reached an IQ4K Level 4 rating for her operation. She is fluent in Spanish and regularly introduces Spanish to the children in her care. Tomasa has an open floor plan, and through a series of gates, can offer different play spaces for older and younger children. Tomasa offers lots of free play mixed with regular age appropriate activities. She has a very young group of children during the day, but has some after school kids that come in the afternoon. Tomasa participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

Provider Tomasa Gomez Perez was found to be in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

I encourage Tomasa to work with Julia Green from Child Care Resource and Referral with any ongoing compliance or training needs.
Julia can be reached at: (515) 202-1830

Tomasa had one infant under 12 months of age who was awake during our visit. She has cribs available for napping, and we reviewed safe infant sleeping policies.
