CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Nicole Crawford has been a registered childcare provider since January of 2009. Nicole is currently a category "C1" Child Development Home Provider. This category allows Nicole to have 8 children in care at one time regardless of whether she has an approved substitute or assistant present. Nicole does not provide transportation for families in her care. There are 2 pet dogs in the Child Development Home. Nicole is available for care Monday through Friday from 7am to 4:30pm. Nicole does not have an assistant or substitute for her program.

2. Identify Observed Strengths Of The Program

The home has dedicated spaces which are furnished with children's furniture, toys, books, and cribs. There are toys and objects which encourage children to develop large and small motor skills. The providers follow a structured routine which children can predict their environment and activities. The children have group activities, free-play, and access to media depending on the age of children in care. There is a large, fenced backyard. The backyard is furnished with playground equipment encouraging large and small motor skill development. Nicole has completed her required trainings as reviewed by the Registration Unit. Nicole has completed Safe Sleep training; this worker reviewed the policy with her and gave her an informational flyer. Nicole will implement the practice when she has children 12 months or younger in her care. Nicole uses redirection as her primary behavioral intervention when needed. Corporal punishment is not practiced in the Child Development Home. Children in Nicole's care will receive regular meals and snacks as appropriate. Nicole's provider file and child files are complete, organized, and easily accessible.
