Suggestions/Recommendations:

I encourage Joyce to work with Lisa Wood from Child Care Resource and Referral with any ongoing compliance or training needs.
Lisa can be reached at: (319) 334-5900

Corrective Action Required:

1. Joyce currently has one child who she administers medication to. Joyce needs to obtain parental signatures using the State form she has and needs to start tracking dates/times/dosages that she administers. Joyce has copies of the necessary State form.

2. Joyce has a new adult household member who recently moved into the home that has not been added to her Registration. Joyce needs to have Amos added and approved by the Registration Unit.

3. Joyce needs to develop a file for her substitute Megan which includes a current health statement using the State form, certification in CPR/First Aid, completion of the Mandatory Reporter training, and proof of completion for the 12 Essentials training modules.

4. Joyce needs to update one of her children's files with a current physical and immunization form.

No re-check is required at Joyce's operation. I have been able to confirm that since our compliance visit, Joyce has submitted her application to the Registration Unit to add Amos. The remaining corrections need to be in place by 6/30/3025 and will be reviewed during her next visit.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at (515) 291-0008 if you have any questions regarding this letter.

Sincerely,
