II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

This daycare opened in June 2022. Kylie Schrader and Jessica Johnson are the owners. They own several other daycares in this area as well as daycares in other states. The center is located in a single standing building. There is a secured entrance. There are security cameras in the classrooms, playgrounds and the entrance. The center serves children ages infancy through preschool age. The center is planning on adding school age children. Alexis Frick is the director of the center. John Flyn is the assistant director.

An unannounced visit was completed today. Mandatory postings are in place at the center's entrance. Classrooms had schedules and lesson plans posted. Classrooms are supplied with age appropriate furnishings, toys and materials. Children's art work is displayed in classrooms. Funny Daffer is the learning curriculum used by the center. Kangeroo Time is the app used by this daycare.

All areas subject to DHS licensing were reviewed. Alexis assisted with the visit. Jenn Villegas, Regional Director, came to the center during the visit and assisted also.

The infant classroom had five infants present. Two staff were working in this room. The 1's classroom had eight toddlers present. Two staff were working with this age group. The 2's class had nine children present. There were two staff working in this room. The 3's classroom had eighteen children present. Two staff were working with the 3's class. The PreK class had ten children present. One staff was working in this classroom. Children were observed doing child directed play and learning activities and during naptime. Staffs' interactions with the children were observed to be positive.

The center has a full kitchen. There is a cook on staff. The center serves morning snack, lunch and afternoon snack. Menus are on a monthly rotation. There were some snacks that didn't have two credible foods being served. This has been addressed and is being corrected.

The center has two playground areas, one playground used children ages six months to two years and other for the older children. The young children's playground has rubber turf for surfacing. The other playground has wood mulch for surfacing. The center completes monthly playground checks. There is fencing around the playgrounds.
