- [ ] All Ages

## CHILD CARE ANNUAL EVALUATION

**1. Basic Overview**

Jalise has been a reigstered child care provider in Clinton county for approximately 6 years now. Jalise accepts children aged six months through six years of age and is available for care Monday through Friday. Jalise has both first and second shift availability. Jalise describes her child development home as a "home away from home" for children. Jalise reports being very involved with the children on a daily basis. Jalise does not reside in this environment, but rather lives in the home next door. Jalise does not have any pets in the home.

**2. Identify Observed Strengths Of The Program**

Jalise believes her greatest strength in working with children is her genuine compassion for kids. Jalise reports she has had most of her kids since they were babies and keeps them in care until they start school. Jalise is organized in her paperwork, making it easier to locate needed compliance items each year. Jalise's environment is child friendly and offers a wide variety of toys and activities for all stages of development.

**3. Identify The Aspects That Fall Below The Standard**

110.8 (1) h : Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.
Each smoke detector has been installed according to manufacturer’s recommendations.
110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.

**4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance**

Jalise needs to replace battery in one smoke detector.
Jalise needs updated physical for herself. Jalise has appointment scheduled.
In a review of child files, one child needs annual update of enrollment forms (signed and dated again) and one child needs immunization records transferred to State of Iowa Public Health immunization certificate.

Jalise needs to send verification of updated physical and working smoke detector to Kathy by 9/7/2026. Items can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

**5. Special Notes/recommendations**

Targeted case compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.
