The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. Brenda could not locate this documentation. This worker did provide her a form to use.

All five dog's need an updated pet exam and they need to be on the approved HHS approved form. I did offer her the correct form but she did find she has one and will make copies and get those updated accordingly.

441 IAC 110.8(3)"a" All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child.

There were chemicals under the kitchen sink and the latch was broken.

There were some chemicals in the bathroom that this worker had her move while I was present.

441 IAC 110.8(3)"b" The first aid kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.

The examination report or statement of health status shall be on file before the child's first day of care
For children under the age of 6, a statement of health condition signed by a physician or designee submitted annually from the date of the admission physical. Brenda was missing an entire file for one of her kids. She also was missing physicals and immunization records for two other kids. She needs to obtain permission to attend activities away from the child care home for all of the kids. She also needs an authorization to seek emergency medical care for two kids.

Suggestions/Recommendations:

Brenda needs to have emergency numbers posted for police, fire, ambulance, and the poison information center. She also needs the number for each child's parent, a responsible person who can be reached when the parent cannot, and the child's physician written on paper and readily accessible by the telephone. The home must prominently display all emergency information. -Please send pictorial verification of this to the HHS worker.

Brenda needs to ensure she has all her accessible outlets capped at all times.

Brenda needs to replace the batteries in one of the smoke detectors and re-install accordingly. - Please send pictorial verification of this.
Brenda needs to test each smoke detector monthly and keep a record of testing for inspection purposes.

Brenda needs to post a nonsmoking sign at her primary entrance. Please send pictorial verification once this is completed.

Brenda needs to obtain updated annual pet exams for all five dogs and on the approved HHS form.

Brenda needs to fix the latch on the kitchen cabinet or move the chemicals to a different location so they are not accessible to the children. Brenda needs to send pictorial verification when this is competed.

Brenda needs to ensure her First aid kit has the required items at all times.

Brenda needs to have her emergency plan in case of man-made or natural disaster shall be written and posted by the primary exit. The plan shall clearly map building evacuation routes and tornado and flood shelter areas. Brenda needs to send pictorial verification when this is completed.

Brenda needs to update her Mandatory Child Abuse Reporter training and send pictorial verification to this worker.

Brenda needs to work with the parents to obtain all the necessary information that is required in the children's files.

Corrective Action Required:

A re-check is not needed at this time. Corrections need to be made by 12/20/23 and will be reviewed at the next annual compliance check. Please send pictorial verification of the specific items noted above.
