1. Basic Overview

Maliki became a Registered in home childcare provider in November of 2024. She does not currently have any children enrolled. She expressed that she is interested in caring for school aged children after school hours. Maliki speaks Swahili but can speak some English. She is not a participant of the IQ4K quality rating system and does not currently participate in the Food Program since she has no children enrolled.

2. Identify Observed Strengths Of The Program

Maliki does not currently have children enrolled but she does have the appropriate forms to use for children's files once she has kids in care.

CHILD CARE ANNUAL EVALUATION

Maliki's documentation was organized in her binder, so it made it easy for this worker to review her paperwork for compliance.

3. Identify The Aspects That Fall Below The Standard

110.8(1)b All accessible electrical outlets are safely capped or are tamper-resistant electrical outlets.
Maliki had several outlets on both the main level of the home and the lower level that did not have safety caps.
*Maliki needs to ensure that all accessible outlets have the appropriate safety caps. She needs to send pictorial verification to this worker.

110.8 (1) h : Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.
Maliki did not a smoke alarm in one of the bedrooms on the main level where she indicated childcare children would use that space.
*Maliki needs to add a smoke alarm to the bedroom on the main level that childcare children will utilize. She needs to send pictorial verification to this worker.

110.8 (3) a : All medicines and poisonous, toxic, or otherwise unsafe materials are secured from access by a child.
Maliki did have a cleaner in the lower level bathroom, not secured from access by a child. She did move it while this this worker was present.

110.9(1)b. Certificate of training verification for First aid and CPR.
Maliki did not have verification of her current First aid and CPR (or her prior certificate) (She did indicate she recently updated it but did not yet have the certificate)
*Maliki will need to obtain her updated/current certificate of First Aid and CPR and maintain that with her other documentation.

A re-check is not needed at this time. The above corrections should be made within 30 days and will be reviewed at the next annual compliance check.
Please send pictorial verification of the items where specifically noted above to christy.weber@hhs.iowa.gov or text to 319-429-0749.

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

Notes:
(This worker did have a Swahili interpreter via phone for part of our meeting)
We did discuss safe sleep.
We did discuss the number of children Maliki is allowed to have in care at one time.

Recommendations:
Maliki's MCART is not yet expired but will expire in November. She needs to take steps to get that updated accordingly and timely.
