Effective immediately all safe sleep regulations must be complied with. All other corrections must be completed by 11/1/2024.

Corrective Action Required:

Per my compliance visit on 8/20/2024 the following issues need addressed based on the above mentioned rules:
1. When I arrived I observed an infant in a bouncy seat, with a blanket, asleep. You removed the blanket and child woke up. We reviewed the safe sleep regulations. Regardless of what the child's parents do at home, as a registered child development provider, you have to comply with all safe sleep regulations. We reviewed all of the safe sleep regulations and you signed the form stating you understood. A referral has also been sent to CCR&R to review safe sleep regulations with you.
2. Please review all daycare children files to ensure they have the required documentations- emergency contact information, pick up and drop off information, emergency medical consent, current physical and immunization records. Physicals need updated yearly.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 515-339-8262 eabbott@dhs.state.ia.us if you have any questions regarding this letter.
