CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Tanya has been a registered provider for over 14 years now. Tanya typically accepts children ages two and up and provides second shift care to families. Currently, Tanya is only providing care for her grandchildren and is not actively looking for new enrollments at this time. Tanya provides a play-based atmosphere for children.

2. Identify Observed Strengths Of The Program

Tanya believes her greatest strength is the patience she displays to children in her care. Tanya's home is safe and appropriate for all ages of children and includes toys and activities for many ages. Tanya's paperwork is maintained and easy to review for compliance items. Tanya works during first shift and then provides care to her grandchildren and also assists in the care of an additional family member. Tanya seems to balance her many roles well.

3. Identify The Aspects That Fall Below The Standard

110.9(4) : An individual file is maintained for each child and updated annually or when there are changes.

Tanya needs to update files for enrolled children (sign and date enrollment forms again - intake, emergency medical treatment authorization, and travel/activity consent).

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Child files will be reviewed again at next year's compliance visit.

5. Special Notes/recommendations

Please contact the CCA Unit at 866-448-4605 to get your father approved as a household member as we discussed. Tanya's father is not currently residing in the home, but health concerns may necessitate that in the future.
