Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home A conducted on 10/25/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)	**Facility Requirements**
441 IAC 110.8(1)"a"	The home shall have a nonpay, working land-line or mobile telephone with emergency numbers posted for police, fire, ambulance, and the poison information center. The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. The home must prominently display all emergency information, and all travel vehicles must have a paper copy of emergency parent contact information
441 IAC 110.8(1)"h"	The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer's recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes
441 IAC 110.8(4)	**Emergency Plans**
441 IAC 110.8(4)	Emergency Plans: plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas.
441 IAC 110.9	Files
441 IAC 110.9(1)	**A provider file is maintained and shall contain the following:**
441 IAC 110.9(1)"a"	A physician's examination report for the provider and all members of the provider's household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) "d", 110.9(4) "f", and 110.9(4) "g"

Findings:

1. 110.8(1)a The provider does not keep a paper copy of emergency contact information for each child posted in the home.

2. 110.8(1)h The provider does not keep documentation of monthly smoke detector tests.

3. 110.8(4)a The provider's Emergency and Disaster plans for fire and tornado are not posed by primary and secondary exits. The provider does not practice fire and tornado drills monthly and keep documentation.

4. 110.9(1)a The provider is missing her physical in the provider file.

Suggestions/Recommendations:

1. The provider needs to keep a paper copy for Emergency Contact information for each child posted in the home.

2. The provider needs to test smoke detectors monthly and keep documentation.

3. The provider needs to move Emergency and Disaster maps by primary and secondary exits. The provider needs to practice fire and tornado drills monthly and keep documentation.

4. The provider needs to have a current physical, on form 470-5152 Child Care Provider Physical Examination Report.

Corrective Action Required:

A re-check is not needed at this time, corrections need to be made by 11/9/2023 and will be reviewed at the next annual compliance check.

I encourage you to work with Lorri Hora from Child Care Resource and Referral with any ongoing compliance or training needs.
