1. Basic Overview

Kathy is a very experienced Category B childcare provider. Her home is located on a farm outside of Kiron. There is a large fenced in play area for the children. Her childcare program is located entirely in the basement of the family home. She participates in the food program. She does not have any assistants or substitutes, so at this time is not able to go over 8 children.

2. Identify Observed Strengths Of The Program

Kathy interacts well with the children, and they do not hesitate to approach her as needed. The area downstairs is loaded with activities for the children to do. There are activities for fine motor skills as well as large muscle development.
