Halima has completed her required trainings as reviewed by the Registration Unit. Halima has completed Safe Sleep

Caitlyn uses redirection and removal of privileges as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Halima's care will receive regular meals and snacks as appropriate. There are nearby playgrounds the children in care can access when the weather allows.

2. An individual file for each child in care needs to be easily accessible. The file should contain specific medical, demographic, releases, and consents. This worker made a referral to your CCR&R Worker Roxana Sixtos to assist you with this correction.

**4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance**

None.

**5. Special Notes/recommendations**

I encourage you to work with your Child Resource and Referral Worker (Roxana Sixtos 515-202-1310) with any compliance or training efforts.

The above corrections need to be completed by 9/13/2026 and will be reviewed on your next annual compliance check.
