CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Carrie has been a registered childcare provider since December 2011. Carrie is a category B provider and her husband, Jeffrey is her assistant and substitute and her son, Jaydren, is an assistant. Carrie's childcare hours are 5:30am to 5:00pm, Monday through Friday. Carrie cares for children ages 0 to 5 years. Carrie participates with the food program and IQ4K.

2. Identify Observed Strengths Of The Program

Carrie and her husband, Jeffrey, were caring for 9 children at the time of the compliance visit (over numbers by 1 child). The children were having "free play" time, which included playing with books, toy computers and writing tablets. Carrie was showing the children how to write their name and she was comforting another child who was new.

Carrie says that she likes the children to learn through play, things such as taking turns and sharing. Carrie says that she reads books to the children and they love to dance and do yoga. Carrie has good relationships with the families of the children she cares for.

Carrie says that she does a good job of handling stress and that chaos and noise don't bother her. Carrie takes pride in taking extra classes, such as Car Seat Safety and she participates with IQ4K.

3. Identify The Aspects That Fall Below The Standard

110.6 : No more children are in care than the number authorized on the registration certificate.
110.14 (1) a : Not more than eight preschool children present at any one time including infants.

1. Carrie and Jeff were caring for 9 preschool children at the time of the compliance visit. As a category B, she is limited to 8 preschool children at any one time.
