	REVOCATION of license

Licensing Consultant: Amy Lyons **Date:** 01-10-2024

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

Little GEM operates the following two licensed programs in Linn County: Little GEM Learning Center (license #47824; opened 9/14/16) and Little GEM Learning Center - North (license #51891; opened 8/29/22). Specifically, this report pertains to Little GEM Learning Center. Little GEM Learning Center offers a variety of childcare options and preschool programming to meet the needs of families and children in the community. The program operates year-round Monday through Friday 6:30am to 5:30pm. The program serves infants through preschool-age children. Current enrollment is 56.

Founding multi-site program owner and Little GEM Learning Center combined director/on-site supervisor is Katie Meisterling. Ms. Meisterling has a BA degree in elementary education and a MA degree in early childhood. Ms. Meisterling has much experience working with young children including running her own prior child development home.

On 1/4/2024, program space was observed.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Little GEM Learning Center and Little GEM Learning Center - North offer a variety of early learning programming and childcare options to help meet the needs of children and families in the community. Both programs are located in predominantly urban areas and accept a variety of funding sources. During 2023, Little GEM Learning Center celebrated their 7th year of being in business and Little GEM Learning Center- North celebrated their 1st full year of business.

Little GEM has the following website: https://www.littlegemlearningcenter.com/. Little GEM also has a private social media page for enrolled family and current staff.

According to the family handbook, the mission of Little GEM Learning Center is "...to “Grow, Enrich, and Mentor” all children, staff, and families in our community in hopes that they will leave our program well equipped to achieve their full potential."

Little GEM Learning Center has a history of participation in quality initiatives including local quality initiatives.

Founding original owner/director Ms. Meisterling is a local entrepreneur invested in the city of Cedar Rapids and surrounding community. In addition to childcare, Ms. Meisterling supports foster families, is a mentor for other programs, and advocates for local retail businesses. Ms. Meisterling is knowledgeable of licensing guidelines as well as her own program's policies and procedures. Ms. Meisterling is organized and has noteworthy systems of organization in place to help ensure administrative items are completed as required and maintained in a secure manner. As a result, the program experiences smooth daily operations.

Since the last monitoring visit, the program has retained as well as hired some new staff. Staff throughout the classrooms reported celebrating 8 years, 4 years, 2 years, and 1 year employment with Little Gems. The cook has been with the program for over a year and continues to collaborate on healthy menus/food choices. Ms. Meisterling continues to be proud

of their team of employees who are flexible and assist in various capacities as needed. Ms. Meisterling discussed how staff accomplishments are celebrated and how staff appreciation is part of the program's operations (e.g. notes, small treats, staff character awards, staff holiday celebration). Notes of appreciation from families were observed to be posted in various classrooms.

Little Gem Learning Center has emergency plans, policies, and procedures in place which are annually reviewed and updated as needed. Little GEM has successfully navigated through the 2019 Polar Vortex, 2019 health (COVID-19) pandemic, 8/10/22 Derecho Storm event and 2023 outdoor poor air quality issues.

Little GEM Learning Center continues efforts at optimal communication between the program/staff and families. The program has organized parent-staff/program information centers, offers regular program newsletters, utilizes technological communication resources, and supports family programming activities. Family activities have historically included a Valentine's exchange, "Thanksgiving Feast", trunk-or-treat event, holiday/seasonal celebrations, Spirit Week, door decorating contests, open house, staff/family conferences, and graduation ceremony (e.g. unique food truck treats - tacos, coffee).

Little GEM Learning Center is located in a leased historic building. The kitchen is spacious, sanitary and functional. Building and grounds are maintained. Classrooms continue to be arranged in a thoughtful manner with learning at the forefront. Children's accomplishments (e.g. artwork, mistletoe feet) are nicely displayed throughout the program space. Materials are accessible to children. Since the last review, the program obtained some new materials including infant soft building blocks. Curriculum includes learning through play and teacher-created ideas. Very clever hot chocolate sensory experience was observed to be happening in the 2yo room! Curriculum also includes on-site guest speaker events, and extra on-site enrichment opportunities (e.g. Symphony Kids, Daytime Dancers).

Little GEM Learning Center partners well with those throughout the community including local school districts, early access persons, local businesses, CCR&R, City of Cedar Rapids, and health professionals.

Each child is engaged in a daily health check upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior which may adversely affect the child or the group. Staff were observed encouraging and engaging in hand washing at all levels. The program has policies and procedures in place for cleaning, disinfecting, and sanitizing. Cleaning supplies as well as cleaning checklists/reminders were observed in various areas on-site.

On the day of the monitoring visit, staff were nurturing and attentive to the children's needs. Areas of study included artic animals and penguins. Activities observed were many (e.g. infant cares, center play, story-time with Pete the Cat). Children have access to an array of materials (e.g. books, imaginative play options, building materials, games, puzzles, sensory, crafts) that encourage innovative play. Staff provided a companionable presence allowing children to have many choices in their play experiences. Routine transitions (e.g. clean up activities, food service rituals) worked smoothly into the program's welcoming and cooperative play environment. Throughout the classrooms, staff were overheard providing children with many words of encouragement and engaging children in much meaningful discussion. Children responded well to staff and appeared to be truly enjoying their day.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

None noted.

V. SPECIAL NOTES/RECOMMENDATIONS:

Classroom carpeting is showing wear. Please continue to explore options to update.

Ensure any space that is not currently being used is organized and cleaned prior to resuming usage. Also, continue to limit any areas of clutter in rooms and the hallway.

Ensure lower cabinets have child proofing.

_____

The program's license remains in full status. Thank you for the visit.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
