CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Shayla has been a child care provider for 10 years now. She has been a registered provider with the state of Iowa the entire time. Shayla accepts children from 6 weeks through 12 years, however notes that her favorite age is preschool children. Shayla provides care for both first shift and third shift. She does not provide 2nd shift care .

2. Identify Observed Strengths Of The Program

Shayla reported that she believes her greatest strength is that she offers a 'family environment' to children in care. Shayla reported that she doesn't have a strict, regimented program for kids, however, there is a daily schedule that she does try to follow so the kids know what to expect each day. Shayla stated that she has had several longstanding families that she has provided child care to for numerous years. For the last approximately 4 years, Shayla has been doing child care as a C provider with Courtney as her co provider. Shayla believes they are a good fit because they balance each other well. Courtney loves the infants and Shayla really enjoys the preschool children. Shayla and Courtney communicate with the parents regularly via text or daily exchanges at drop off and pick up. Shayla maintains her needed paperwork in a binder system which makes it relatively easy to find required items during compliance visits.
