CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Shelly has been registered since 2007. She is currently a C2 provider, with her husband Todd, as her co-provider. She does not belong to the food program. There is a fenced in back yard with play equipment and a fenced in above ground pool. There are no pets in the home.

2. Identify Observed Strengths Of The Program

Shelly is an experienced provider who keeps a clean, organized home. There were no safety concerns present in the home. There are numerous toys and activities for the children to do indoors, including painting, kinetic sand, and blocks to develop fine motors skills as well as play equipment for large muscle groups. There is play equipment in the back yard, such as a treehouse, teeter toter, and slide. I observed warm and respectful interactions between Shelly and the children. The children appear comfortable in her presence.

3. Identify The Aspects That Fall Below The Standard

110.8 (4) b : Procedures are in place for: Evacuation to safely leave the facility ,Relocation to a common, safe location after evacuation, Shelter-in-place to take immediate shelter where the child is when it is unsafe to leave that location due to the emergent issue, Lock down to protect children and providers from an external situation, Communication and reunification with families, Continuity of operations, and Procedures to address the needs of individual children, including those with functional or access needs.

The provider needs to write up an Emergency Preparedness and Response plan.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
