Suggestions/Recommendations:

Tara and Amanda need to obtain a new fie extinguisher for the child care area and send pictorial verification.

Tara and Amanda need to test her smoke detectors monthly and document that accordingly. This worker did provide her a form to use for documentation purposes.

Amanda needs to update her Mandatory Child Abuse Reporter training and send pictorial verification to this worker.

Tara and Amanda need to obtain the two missing physicals and work with the parents to ensure they have all necessary documentation in the children's files.

Tara and Amanda should try to locate the letter from the Department confirming who is authorized to be in the child care setting. If they cannot locate it they need to keep the one sent to them at the time of the next renewal.

We did discuss that they are not currently part of the Food Program. Tara noted that she would like more information about the program and this worker agreed to ask CCR&R to connect with her to discuss the program benefits.

Corrective Action Required:

A re-check is not needed at this time. Corrections need to be made by 10/31/23 and will be reviewed at the next annual compliance check. Please send pictorial verification of compliance for the items listed above.
