CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Hope has been registered for 22 years. Prior to becoming a CDH, Hope worked in a center setting. Hope participates in the Food Program. Hope reports that they have a structured/scheduled day. She reports doing pre-school activities with the children.

2. Identify Observed Strengths Of The Program

Hope has extensive experience in child care. When I arrived, the children were in their costumes and was having their holiday party. The children were observed to be calm and get along well. Hope was organized as evidenced by the files being up to date and easy to find information.

3. Identify The Aspects That Fall Below The Standard

The plans shall clearly map building evacuation routes in case of fire, a safe place indoors in case of tornado, and flood shelter areas.
** These need to be updated to include the routes.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

5. Special Notes/recommendations

At todays visit we discussed safe sleep policy and discipline policies.

Thank you for the service you provide to your community!
