Program Population Served:

[ ] Infant(0<24 mos)

[ ] Toddler

[ ] PreSchool

[ ] School Age

[X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a pre-inspection visit with Registered Child Development Home Category A applicant Tiffany Replogle on 6/5/2026. Tiffany is planning to use the main floor only of her ranch style home. She has not started any outside children for care at this time. She has no current HHS-approved substitutes or assistants. Tiffany has 3 dogs, all with current vet statements on file. She has a 2 foot large wading pool on her patio that is fenced and has only one access door. Tiffany has a traditional lock on that patio door, and has placed a high lock on the backside kitchen door leading to the patio door to create a second barrier. The large wading pool is only for use of her own children and will not be part of child care. Tiffany has a large, fenced in section of her back yard for the child care outside play area. Tiffany lives on the edge of a small town. Her home is served by well water. She has a good supply of bottled water and will be using only that for the child care until she can get a good current well statement to have on file.

2. Identify Observed Strengths Of The Program

Tiffany has a background being a paraeducator in the schools, and did some child care center work when she was younger. She offers an open floor plan with good space for the children. Her living room and dining room will be the primary space. Tiffany plans to offer regular outside time when she starts kids, and plans to implement age appropriate activities depending on what age groups she starts with.

3. Identify The Aspects That Fall Below The Standard

I have approved Tiffany's pre-inspection effective 6/5/2026.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Tiffany was in compliance having a plan consistent with her set up.

Tiffany will need to obtain a current physician signed statement of health for herself and Chance to have on file by 12/31/2026. These need to be completed using the State form she has a copy of and need to be renewed every 3 years.

Tiffany needs to use bottled water only until she has a safe well water report on file.

I encourage Tiffany to work with Shelby Hageman from Child Care Resource and Referral with any ongoing compliance or training needs.
Shelby can be reached at: (319) 433-7760

CHILD CARE ANNUAL EVALUATION

HHS Child Development
Home Compliance Worker: Earl Crow Date: 6/9/2026

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at
