CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Michael has been a registered childcare provider since June 2024. Michael is a category B provider and he has no assistants or substitutes. Michael's childcare hours are 7:00am to 7:00pm, Monday through Friday, but says there is some flexibility. Michael cares for children ages 3 (if potty trained) to 11 years.

2. Identify Observed Strengths Of The Program

Michael was caring for 7 children at the time of the compliance visit. Michael and the children were observed walking back to his home from the park. When the children returned to Michael's, he provided them with popsicles.

Michael enjoys keeping the children very busy and active with games and activities. Michael says that he takes the kids to the art museum on Wednesdays for a free art class. The kids like to play on a slip-n-slide and Michael put up a swing set in his yard for the kids. Michael says that the kids enjoy playing with Play-doh, magnetiles, card games and even chess. Michael does not allow any electronics except for the kids to communicate with their parents. Michael likes to give the children choices, for example, he makes different entrées and sides for meals and allows the children to choose.

3. Identify The Aspects That Fall Below The Standard

110.8(4) a: Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.

Michael says that he does not regularly have the kids practice fire/tornado drills or document them.

110.9 (4) c : A signed medical consent from the parent authorizing emergency treatment.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of statement of health or admission physical.

Michael does not have complete files set up for each child including a current physical/immunization or emergency medical consent forms.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Michael will have the children practice fire and tornado drills monthly and keep documentation.

2. Michael will have files set up for each child in care with a current physical, immunization record and emergency medical consent form.

5. Special Notes/recommendations

Targeted Compliance: Emergency Preparedness Plan

Michael's EPP was reviewed and was in compliance.
