Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your residence in which you are seeking child development home registration conducted on 10/15/2019. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.7

Provider Requirements

441 IAC 110.8

Standards. Conditions in the home are safe, sanitary, and free of hazards.

441 IAC 110.8(1)

Facility Requirements

441 IAC 110.8(1)“h”

The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer’s recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes

441 IAC 110.8(1)“k”

A provider operating in a facility built before 1978 shall assess and control lead hazards before being issued an initial child development home registration or a renewal of the registration. To comply with this requirement, the provider shall:

1. Determine if painted surfaces on the interior or exterior of the facility are chipping, peeling, or cracking or in need of repair. Painted surfaces include walls, ceilings, windows, doors, stairs, and woodwork; and
2. If painted surfaces are in need of repair, hire an Iowa certified lead-safe renovator to make reports or take training to become an Iowa certified lead-safe renovator. Iowa lead safe renovators shall apply interim controls on any chipping or peeling, or cracking paint found, using lead-safe work methods in accordance with and as defined by department of public health rules at 641—Chapters 69 and 70

441 IAC 110.8(1)“n”

Providers shall inform parents of the presence of any pet in the home.

1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).
2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.
3. Aquariums shall be well maintained and installed in a manner that prevents children

from accessing the water or pulling over a tank.

4. All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.

5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

441 IAC 110.8(1) "r" The certificate of registration shall be displayed in a conspicuous place.

441 IAC 110.8(3) Medications and Hazardous Materials

441 IAC 110.8(3) "a" All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child

441 IAC 110.8(4) Emergency Plans

441 IAC 110.8(4) "b" The provider must have procedures in place for the following:

1. evacuation to safely leave the facility
2. relocation to a common, safe location after the evacuation
3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
4. lock down protocol to protect children and providers from an external situation
5. communication plan and plans for reunification with families
6. continuity of operations plans
7. Procedures to address the needs of individual children, including those with functional or access needs

441 IAC 110.8(5) Safe Sleep

441 IAC 110.8(8) Activity Program. There is an activity program and it promotes self-esteem and exploration.

- a. Activity program includes active play.
- b. Activity program includes quiet play.
- c. Activity program includes activities for large muscle development, such as running, climbing and riding toys.
- d. Activity program includes activities for small muscle development, such as coloring, puzzles, finger plays and play dough.
- e. Play equipment and materials in a safe condition, for both indoor and outdoor activities which are developmentally appropriate for the ages and number of children present.

441 IAC 110.9 Files

441 IAC 110.9(1) A provider file is maintained and shall contain the following:

441 IAC 110.9(4) Children's Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:

- a. Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child, and the parent's work address and telephone number.
- b. Emergency information including, at a minimum, where the parent can be reached, the name, street address, city and telephone number of the child's regular source of health care, and the name, telephone number, and relationship to the child of another adult available in case of emergency.
- c. A signed medical consent from the parent authorizing emergency treatment.
- d. An admission physical examination report signed by a licensed physician or designee in a clinic supervised by a licensed physician
 1. The date of the physical examination shall not be more than 12 months before the child's first day of attendance at the child development home.
 2. The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.

- 3.** For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.
- 4.** The examination report or statement of health status shall be on file before the child's first day of care
- e.** For children under the age of 6, a statement of health condition signed by a physician or designee submitted annually from the date of the admission physical. For a child who is enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physician statement.
- f.** For each school-age child, on the first day of attendance, documentation of a physical examination that was completed at the time of school enrollment or since.
- g.** A signed and dated immunization certificate provided by the state department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable.
- h.** For any child with allergies, a written emergency plan in the case of an allergic reaction. A copy of this information shall accompany the child if the child leaves the premises.
- i.** Documentation that is signed by the parent and names persons authorized to pick up the child. The authorization shall include the name, telephone number, and relationship of the authorized person to the child.
- j.** Written permission from the parent for the child to attend activities away from the child development home.
- k.** Injury report forms documenting injuries requiring first aid or medical care
- l.** If the child meets the definition of homelessness as defined by section 725(2) of the McKinney-Vento Homeless Education Assistance Act, the family shall receive a 60-day grace period to obtain medical documentation.

Findings:

Sandra needs to replace her railing on her back porch.

Sandra needs to place a smoke detector at the top of her basement stairs.

This worker observed what appeared to be peeling lead based paint on the interior window sills of the play room area. Sandra will need to seal this paint and complete the Lead Assessment and Control worksheet to explain the work that was done in order to eliminate this hazard.

Sandra needs to show documentation of a current physical for one cat and one dog.

Sandra needs to hang up her current certificate of registration in her home in a conspicuous area.

Sandra needs to move items in medicine cabinet upstairs that are labeled "Keep Out of Reach of Children"

Sandra needs to update her Emergency Preparedness Document to reflect her current address and location.

Sandra needs to show examples of quiet play toys and activities at her new location.

441 IAC 110.9(4) Children's Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:
