II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced licensing visit was completed at this center on 7/2/25. Deja Taylor, School Age Program Director, arrived at the center during the visit. Ashlyn Metz is currently the approved on site supervisor for this program. The executive director for the YMCA IMV child care programs is Lindsay Wadsager. Lindsay also arrived at the center during the visit. The center is one of many operated by the YMCA IMV. This particular site is located in the YMCA IMV Bettendorf building. The program operates year round, offering care on non school days. The program serves children in kindergarten through sixth grade (up through age 12).

The program's primary licensed space is the “small gym”. Per the center director, this space is available to the program at all times during the center's hours of operation and is not shared with any other functions during that time as is required. This room is large enough to accommodate the license capacity of the center (115 children).

The center may also use the “Y room”. This room can accommodate up to 16 children at one time. The center may also use the multi-purpose room. This room can accommodate up to 60 children at one time. These rooms can be used so long as they meet all licensing requirements. These rooms are not included in the license capacity because they are not always available to the program at all times during the center's operation.

The center also uses additional gymnasium space (one side of the large gym, left side- separated from the other side by a drop down curtain). This is considered approved space, and is not part of the center's capacity. The center will need to ensure this space meets all licensing requirements if/when it is to be used.

Children travel to use hallway restroom areas /family restroom areas / locker rooms (for swimming) for all hand washing and restroom activities. Staff are aware of the requirement to travel with children, supervise, and maintain ratio for all of this activity.

The center serves breakfast, lunch, and snack. The center has contracted with a local licensed catering business to provide all meals and snacks. This center does participate in the CACFP.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

This center is providing a needed service to the community. The program appears to be well managed by the current on site supervisor and staff, and the staff work well together. There is good communication between staff. There is noted improvement in the general organization and of the program and the facility itself. Required licensing documentation was found to be organized.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

CHILD FILES:

109.9(2)h: Signed and dated valid Certificate of Immunization, Certificate of Immunization Exemption, or Provisional Certificate of Immunization, provided by the department must be on file for each child enrolled as required by Iowa Administrative Code 641—7.
1. _1_ child file reviewed did not have a valid IDPH signed and dated immunization certificate on file at the center as is required before the child may attend the center.

109.10(13)b: Emergency instructions, phone numbers, and diagrams for fire, tornado, and flood shall be visibly posted and documented at least once a month for fire and tornado. Records shall be maintained for current and previous year.
1. Fire and tornado drills were not recorded for 8/2024.

V. SPECIAL NOTES/RECOMMENDATIONS:

1. Ensure current lesson/activity plan is posted where parents can see it.
2. Ensure location of first aid kit is clearly posted.
3. Emergency plan posting is needed at one of the exit doors from the big gym.
4. Refrigerator and freezer need to be cleaned. Closely monitor refrigerator temperature as it was observed over 40F.

The center will continue with a full license. Please address the violation(s) and/or concern(s) noted in the report so that corrections are obvious and ensure that items remain in compliance. This report does not require a written response. Thank you.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
